

Qualys Cloud Suite 2.16.1

We've addressed these issues in Qualys Cloud Suite 2.16.1.

-  AV AssetView
-  TP ThreatPROTECT
-  CA Cloud Agent

For asset downloads, we've increased the download limit for various formats.
For XML, CSV, ZIP - now there is no limit.
For Word, PDF, HTML - the limit has been increased to 10k

-  CA Cloud Agent

Fixed an issue with agent activation when OS name of the machine contains non-ascii characters.
Fixed issue to allow users to filter agents by hostname containing upper case letters.
